Dear Sirs

RE: RIGBY BUILDING CONTRACTORS:

Rigby Contractors have been working successfully for Sefton Council and latterly Capita Symonds working in Partnership with Sefton Council for the past 6 years.

They have completed a number of schemes of varying sizes and complexities and we have been impressed by their professional approach and their ability to work well with clients, consultants and sub contractors.

Contracts have been completed on time and within budget and they have an excellent health and safety record. All works have been carried out with the complete satisfaction of the client and the Council.

Projects values range from £30,000 through to £1,000,000 and some of the larger projects are listed below:

Changing Room Refurbishments (4 High School) multiple sites.	£391,000.00
Valewood Primary School (staffroom/hygiene room)	£225,200.00
Linacre Primary School (Conversion to Surestart Childrens Centre)	£976,755.00
Forefield Infant School (Nursery Unit conversion)	£85,700.00
Bishop David Sheppard (Childrens Centre new build)	£262,000.00
Waterloo Judo Club (new build)	£410,000.00
Summerhill Primary School (hygiene room)	£136,000.00

In addition to the above schemes, Rigby Building Contractors have undertaken works directly with the schools following successful contracts with the Authority.

Rigby Building Contractors are regularly included on the tender lists and continue to be a competitive contractor within Sefton Council.

Yours faithfully,

Nick Pilkington
Project Supervisor, Capita Symonds
